### *Finance Committee*

As most of you realize the course has been quite busy this year and I just wanted to let everyone know, we are ahead of 2008 which was our highest revenue year. All the different departments that we keep records for are showing an increase. We have put money aside to help get us through the winter months and as been mentioned on our annual meeting, that is a goal to not use our line of credit. We are closer to that goal than we have ever before. You as members can help by encouraging non members to come and play here. After Labor Day, there is a significant drop in green fee play. Could this be the year we make it into 2011 with out the line of credit. We are hoping. Any questions feel free to contact me, thanks, M. E Kaser [mkaser@aol.com](mailto:mkaser@aol.com), Treasurer.
